Work Experience

Full-Stack Developer

Jan 2021 – Jan 2023 – WAS Techno Developers, India

- Developing websites, applications and hosting in server and teaching python and cyber security for students.
- Developed and maintained full-stack web applications using HTML, CSS, JavaScript, and Bootstrap.
- Implemented responsive designs for optimal user experience across different devices.
- Transformed wireframes and mockups into functional and visually appealing user interfaces.
- Built interactive front-end components using React.js for enhanced reusability and maintainability.
- Utilized Node.js and Express.js to develop server-side logic and APIs for seamless integration.
- Designed and implemented MySQL databases for efficient data storage and retrieval.
- Integrated Django framework for building robust and scalable web applications following best practices.
- Conducted thorough testing and debugging to ensure smooth application functionality.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

• Projects :

• 1. E-commerce Website:

- – Developed a full-stack e-commerce website using React and Node.js.
- – Integrated payment gateways and implemented secure user authentication.
- – Designed a responsive user interface with intuitive navigation and search functionality.

• 2. Task Management Application:

- – Created a task management application using Django and React.
- – Implemented user registration, task assignment, and progress tracking features.
- – Utilized MySQL database for efficient storage and retrieval of task-related data.

Intern

Jan – Dec 2020 – Globalentitycore, India

- Directs software design and development
- Web-scraping projects using python with beautiful soup.
- Team work

Education

Masters in Computer Science

International University of applied science

Dec 2021 – Present
Berlin, Germany

B.E : Electronics and Communications Engineering

BGS Institute of Technology

Aug 2017 – Jul 2021. CGPA – 6.20
Bellur Cross, Karnataka, India

Awards & Languages

COOD 100, 3rd Place – July 2023

WeAreDevelopers,
Europe's #1 Developer Community,
Berlin, Germany.

Kannada, English(C2), German(A1)
